

White Knuckles

Elvis Costello & The Attractions

White knuckles came down to put the frighteners on
I believe she's the one that he's got his heart set on
It doesn't matter if your face doesn't fit
There's no charge for changing it Ooh ooh
What are you doing
You see right through him
You don't have to take it when he gets cruel White knuckles on black and blue skin
You don't have to take it so you just give in
White knuckles sweatin' on the headboard
He never found out what the kisser was for Losing face with the boys while she's whispering in his ear
They never found out why they called it laughing gear
Maybe they weren't loved when they were young
Maybe they should be hung by their tongues
Ooh ooh
Under the blankets with the body jerk
He needs her like the axe needs the turkey
Making a mockery of his fancy footwork White knuckles on black and blue skin
He didn't mean to hit her but she kept laughing
White knuckles sweatin' on the headboard
He never found out what the kisser was for There's always someone new to toy with when the penny drops in
the slot
Now it's all petty crime on the news at nine
But it's all she's got
Love on the never never dreams don't come cheap
I don't close my eyes when I go to sleep Ooh ooh
It gets right under your skin
It makes you as miserable as sin but
You don't have to take it so you just give in
White knuckles on black and blue skin
He didn't mean to hit her but she kept laughing
White knuckles sweatin' on the headboard
He never found out what the kisser was for Why don't you come round anymore
Mama said
He's using you
Sister said
I told you so too
When he goes through your head
You took him to be true
