

Hallucination Generation (Take Me Home)

Death By Unga Bunga

Be my baby, open the doors
to a darker place
with green people I've seen.
This feeling I know,
I've felt it before.
Before it takes it takes us away
you'll be scared, but you're safe
with me and everyone else.
A trip far, far away,
far away.
And no systems, no pain.
Where all colours will flow, and this river we own.
Let the river take us home.
I won't cross it alone.
We need to get home.
Come with me, take me home.

Take me home.
Take me home.
Take me home.
Take me home.

Be my baby, please take me home.

Pretty river, killing the screams.
Pretty river, but dark underneath.
Believe my last day has come,
i need you to take me home.
Where's my baby?
Take me home

Take me home.
