

# Sally

## Foxboro Hot Tubs

Well come on baby, take a chance and get your shit together  
Well come on baby, take a risk until it comes out right

(Rock) your shadow on a subway alone  
(Back in the Seattle you can hear 'em go)  
Come on baby, take a chance and get your shit together

Well your [illusion] ain't a lie, it's a crime

[Chorus]

Ride, ride sally, ride  
I'm ('bout to] take a ride on my motor bike  
Singing "ride, ride sally, ride"  
Like the speed of light on a road rage suicide

Well now is the time 'cause ain't got time forever  
Well now is the time so, you better (clear it up, alright)

(Rock) your shadow on a subway alone  
(Back in the Seattle you can hear 'em go)  
Well now is the time 'cause I ain't got the time forever

Your (illusion) ain't a lie, it's a crime

[Chorus: x2]

Ride, ride sally, ride  
(Come on) and take a ride on my motor bike  
Singing "ride, ride sally, ride"  
Like the speed of light on a road rage suicide

Alright!
