Turning On the Light

TimsDepartment

We're turning the light on

i sit with you in the backyard
four month real life day and night
oh dear, my life seemed so rocky
oh dear, the fight...it'S over now

and now you're really
standing by my side
togehter, it's easier to
turning on the light

oh I'm lost on an island
the ocean force me to stay
your my boat to get outta here
you guide me to get home

and now you're really
standing by my side
togehter, it's easier to
turning on the light
a warm breath
a calm sound
wispered in my hear
i'm happy, my honey
and i begin to sing
