Salvation Song

By the Tree

There comes a time for everyone, when you've got to take a stand
There is so much more to this life, there's a higher plan
So loosen up your voices and hear the church bells ring
There is a melody that can make the heavens singChorus:
I'll sing along
The heavens open up it's the salvation song
(repeat)Everytime I turn around
There seems to be a frown upon your face
So open up your heart and let the light of joy come in
You can make a decision, it is yours to be madeChorusJoy to the world, every boy and girl
Joy to the world, every boy and girlIf you're thinking there is a brighter day to come
You are right my friend, there is everyday and then some
