Yo! My name is Dr. Alban, the MD, microphone doctor

Swe Mix gimme some drums

Yo! African people, unite

Come together for the sake of your future

Yo! African people unite Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin'

Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin'

Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin'

Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin' Hello Nigeria! That's my Motherland

Coming to Sweden now causin' a hysteria

Takes a long time to travel the globe, so why be shy?

Why be humble? I just came straight out the jungle

You can't compete with me 'cause you know I got the rhythm I did it before and I'll do it again, so listen watcha say

Yeah hear my point of view

Not everyone can do this

In fact only a few sophisticated, hard created

That's who I am, and you know I've been waiting

So start pumping make some noise The Mandika tribe, the Hausa tribe

The Fulani tribe, the Gooya tribe, the Zulu tribe

Mi no live in a house mi live in a tree

Electricity can give you a shock

Mi no smoke no cig mi no take no coke

All me take is a glass of juice Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin'

Hello Africa! Tell me how you're doin'

Hello Motherland! Tell me how you're doin' I'm calling on the big guys from the pyramid top

To join the bits and pieces of our Fatherland Africa

'Cause without boundaries we can move the mountains

Drop your personal individual ambitions

Chase the devil off and purify our Fatherland African people, crawl from your vultures

Stand affirm 'cause you are the aura of the mankind

You are the dreams, you are the hope, you are the future

You are the past, you are the grandfather of civilization

That is why A N C wants old dogs to sit The impossible just takes a little longer

Out of this world and into another world  
The earth is spinning round and there's so much to discover  
The African man seems to be everywhere  
If there are people in the world  
Who knows that right is never wrong  
Stop the fire burning in my home Africa  
Martin Luther King, Mandela you had a dream  
Self evidence and a quality for men  
Africa for me and Africa far you de Klerk  
It doesn't really matter whether a cat is black or white  
What really matter is to catch the mouse  
I'd rather do it in an African way  
Hello Africa tell me you you're doin' Mmm, jumping on the mike, it 'cause me a rockin' up affection  
When I'm holdin' me a mike, it 'cause me awesome affections  
What you say to me, me a fun and me warm  
Spend some me a time on the Tresittia dime  
Don't you try to follow me you ought to realize what me are  
What me a really want, me not fly  
No I am just coolin', come on now just set it off  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
I have been mourning, I have been grieving  
I have been crying, no more tears in my eyes  
There's a hottie, hottie wind blowing south to north  
Following my head, drying all my plants  
If there's a mercy in the clouds  
You know right is never wrong  
Move the sadist off my back  
And stop the fire burning in my home Africa  
Here comes the news from the mighty Lord  
Transqualation is about to come to Earth  
Right, rapping is digging down river, north to south  
To let milk and honey flow side to side  
My name is Alban, mi is a dentist, mi DJ here, mi DJ there  
Mi have a shop on Slojdgatan, Alphabet St. is da name  
Mi live in no house, mi live in a flat. electricity can give you a shock  
Mi smoke no cig, mi take no coke, all me takes is a glass of juice  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'  
Hello Africa! Tell me how you're doin'  
Hello Motherland! Tell me how you're doin'
