

Sweet Tea

Cravin' Melon

If you find me sleepin'
In the shade dear
Will you promise to bring me
All your sweetness All my plans are hangin'
In the palms dear
All my thoughts are lost
In Pawley's interest Rock me gently
The waves are softly rollin'
Soft breezes blowin'
Through the screen dear Pour me some of your
Old fashioned magic
I can hear you
Whispering in my ear Don't try to
Offer me anything
What it comes, right
Down to baby Don't tempt me
I'm where I wanna be
'Cause on the eighth day
God made sweet tea Certain things in life
I like to savor
Watchin' clouds
And waitin' on the rain If you ever
Question my behavior
Just a taste will make you
Feel the same now Don't try to
Offer me anything
What it comes, right
Down to baby Don't tempt me
I'm where I wanna be
'Cause on the eighth day
God made sweet tea We've known each other
Goin' on thirty years
Seen a lot of joy
We've seen a lot of tears Still I wouldn't change
A single thing that I did
'Cause we're here, yeah Don't try to
Offer me anything
What it comes, right
Down to baby Don't tempt me

I'm where I wanna be
'Cause on the eighth day
God made sweet tea Don't tempt me
I'm where I wanna be
'Cause on the eighth day
God made sweet tea, yeah
