

# Dark Samaritan

## This Ending

I'm your dark angel  
I fulfill all your dreams  
Join me in darkness  
you will never be alone  
I'm your messiah  
In my own sick twisted way  
I know you need me  
To help you... Transcend I am your way  
I'm your solution  
Your Dark Samaritan  
Devoid of emotions  
Relieve you of pain  
Your Dark Samaritan Feed you my sickness  
Draining you of inner pain  
You're growing colder  
As your life is stripped away  
There's no regret left  
All there is a hollow shell  
My wings are spread now  
To embrace you in my hell I am your way  
I'm your solution  
Your Dark Samaritan  
Devoid of emotions  
Relieve you of pain  
Your Dark Samaritan
