

Door to Your Soul

Beasts of Bourbon

I'm just a part of you
I'm a door to your soul
I wanna walk right through
To meet the real you
It's a door I like going through See you on the other side
No one else here fills me with pride
Filled with pride Well it's the tunnel of love
As I float right down
The bright light at the end
Is What's pulling me there
Like a moth to a flame
Expose that naked flame We'll be together
We'll be together for eternity
It's the door to your soul
Like a black hole
Like a whole world wide
Get sucked inside
Like a moth to a flame Door to your soul
I wanna walk right through
