

Feel

Ty Segall

See them seep
O so high
Existing in the mind Feel the creeps
In the sky
Let them live
In each other's eyes Feel the creeps
In the sky
Let them live
In each other's eyes Existing in the mind
Existing in the night
Watching you
Watching me
Watching what we do Feel the creeps
In the sky
Let them live
In each other's eyes Feel the creeps
In the sky
Let them live
In each other's eyes Feel
