The Banded

The Narrow

Live your life and you feed on it all.

25 wives and you feed on it all.

War is the viewers choice you feed on it all.

3rd eye the ancient voice, you feed on it all. Smile on my face,

It makes the wait more bare able.

smile makes the wait bare able. The Banded!

Born to be striped!Broke my heart and you feed on it all.

You're famous therefore brave and you feed on it all.
