

# Stay the Night

## Green Day

Advisory - the following lyrics contain explicit language:

Well I ain't got much time so I'll get to the point  
Do you wanna share a ride and get the fuck out of this joint?  
I've got an impulse so repulsive that it burns  
I wanna break your heart until it makes your stomach turn I got to know if you're the one that got away  
Even though it was never meant to be Say you'll stay the night  
'cause we're running out of time  
So stay the night  
I don't wanna say goodbye  
Say you'll stay the night  
'cause we're running out of time  
So stay the night  
Well I don't wanna say goodbye Well you're so sick and tired of feeling so alone  
Well I don't understand the point if you have to go home  
So won't you stay and count the circles 'round my eyes?  
And we can watch the stars until the sun begins to rise I got to know if you're the one that got away  
Even though it was never meant to be Say you'll stay the night  
'cause we're running out of time  
So stay the night  
I don't wanna say goodbye  
Say you'll stay the night  
'cause we're running out of time  
So stay the night  
Well I don't wanna say goodbye
