HATER

Friends come and friends go
As I go round and round in circles Love someone change your mind
Decide he was a swine
As you go round and round in circles He who knows does not speak
He who speaks does not know
And I go round in circles Dislike someone and will not bend
Later they may become your best friend
As life it goes around in circles He who knows does not speak
He who speaks does not know
And I go round in circles Soul takes on a body with each birth we make our date
With life and death along the road the soul reincarnates
The show goes round and round in circles
When loss and gain and up and down
Becomes the same, then we stop going in circles
Round and round in circles
