

# Call It Karma

Silverstein

Blame it on the weather  
But I'm a mess  
And this February darkness  
Has me hating everyone And I know I need your comfort  
But this drama makes me sick  
And the longer I lay here I know  
It's harder to get up without you Lose another day here  
Lose another year here  
I'm with you Finally, something out there  
That's making sense  
And it's just another trend  
Carefully hidden in your dress And this cycles never ending  
And this fashions overdone  
And the further that I run away  
The further I'll come back to shelter Lose another day here  
Lose another year here  
I'm with you You are the fire on my apartment floor  
Sixteen stories, I'd rather burn than fall  
And it isn't fate that took us all by storm  
It's just the turn of a card Lose another day here  
Lose another year here  
I'm with you You are the fire on my apartment floor  
Sixteen stories, I'd rather burn than fall  
And it isn't fate that took us all by storm  
It's just the turn of a card Goodbye old friend  
Goodbye, goodnight I'll move on  
You'll call it fate, I'll call it karma  
We had our time, it was fun  
While it lasted I'll look back, with honor and no regrets  
I won't be mad, won't feel bad  
These memories will never leave me Don't be sad  
'Cause life goes on, life goes on  
It's getting too late  
Tomorrow is here
