

Martyrs

Betraying the Martyrs

Die for your faith, come on
Die for your faith
Die for your faith
Die for your faith
Die for what you believe in
Small group in Cambodia
Gather in the mud brick room
Teachers shares The Word
Then they kneed and pray
Communist soldiers storm the door
Throw the Bible to the floor
Spit upon this book
Or you will breath your last
One by one they spit and cry
They're in fear of their lives
A young girl wipes her Jesus dry
Shot in the head she dies
Die for your faith
Die for your faith
Die for your faith
Die for what you believe in
Evil man killing the Christians
Satan gives him the false abuse
But as he reads the Bible truth
He converts to the Christian faith
Taken to the evil leaders
He is a disgrace
Thrown into a slime filled pit
Eaten by rats for his new faith
Come on, let's go, yeah
Are you ready?
Die for your faith
Die for your faith
Die for your faith
Die for what you believe in
Preaching man in China
Taken from his family home
Thrown into a prison cell
For no criminal reason
Rotting and tortured in his fate
He will not deny his faith
He knows the truth of Christian ways
No brutal force will make him change
Let me hear you, yeah
Die for your faith, here we go
Die for your faith
Die for your faith
Die for your faith
Die for what you believe in
Die for your faith
Die for your faith
Die for your faith

Die for what you believe in
