

Perverse Suffering

Cannibal Corpse

Lusting for eternal pain
Begging to be tortured
Agony brings relief
I am insaneIndulging in self-mutilation
To satisfy my need again
The pain severe from severed veins
Curing me of deprivation, pain I craveEuphoric state of butchery
Reveling in gore and blood
Pain I saveIgniting visions of the past
Dismembered bodies never found
Pain, I gaveDeranged by my deviance
Savage goal to maim and kill
Obsessed with my cruelty
Vicious ways for me to dieSado-masochistic rage
Horrific daze, reality
Pleasure from sadistic intent
Driven by my lust for painPunishment, my way of life
Suffering intensifies sacrifice
Brutal frenzy, no control
Perverse actions gratifyWretched abnormality
Condoning inhumanity, suicide
Carnivorous abusiveness
Boiling sawn-off testiclesAfflicted fate stricken to malignancy
Lechery dominates my misery
Tortured eternally, torment inside of me
Disturbing impulses living in agonyRancid degenerate craving impalement
Demented destiny, not fearing agony
Excruciating hunger that I need to feed
Soon to be slaughtered, dead maliciouslyTortured eternally, torment inside of me
Disturbing impulses, living in agony
Rancid degenerate craving impalement
Demented destiny, not fearing agonyDeranged by my deviance
Savage goal to maim and kill
Obsessed with my cruelty
Vicious ways for me to dieSado-masochistic rage
Horrific daze, reality
Pleasure from sadistic intent
Driven by my lust for pain
