Shining

Islands

Took a shinning to you
I wasn't lying to you
what are you trying to do
and who are you crying toyou have some singing to do
some singing for your food
i have something for you
come into my roomIt's back alley I know
but your made of gold.
Just to brighten daylight
step into the dark depart.[CHORUS]
Up against the wall
empty out all of your contents
don't hold back friend
give me what you owe me damn
count to one hundred slowlyI put shinning on you
Poison pill in your food
singing la la la
what's that tunebad timing for you
1234 strikes on you
You put your back on my knife
made me ask your money or your life[CHORUS]
