No Party

Marit Bergman

No PartyOhhh, ahhh...Caught me in a rush
I hate myself for this
Longing to lay down beside you
And tell you how it is
My scarf is folded clean
Shoes beside my bed
Movies and then smiling
All these ideas in my head oohOhhh, ahhh...Ideas on belief
These are ideas we can share
Stroll accross the party floor
You've spoiled it all
You've spoiled it allAll the colours in my mind
Patterns in my eyes
Your the one who made me come alive
And after spoiling all my cheer
I realise why I'm here
You're the one who made me come aliveOhhh, ahhh...
