

No Place For Angels

[Ozzy Osbourne](#)

You must seduce me
The ties with fire
My one addiction
Your sweet desire
Is living in a world of hate and dreams
Standing at the end of time
We had paradise
But that was lost forever to mankind
No place for angels, for you and me
No place for angels, I'm lost in your reality
And life seems so unreal
I feel the madness
The Jesus liar
The one creation
Obsessed by fire
Well, living in a world of hate and dreams
Standing at the end of time
We had paradise
But that was lost forever to mankind
No place for angels, for you and me
No place for angels, I'm lost in your reality
And life seems so unreal
You may think that I'm just a crazy guy
And I wear the madman masks
Do I live my life in a fake disguise?
Is my world nonfiction? Yeah
