

# Get Down Brother

## Washboard Sam

Now listen here, brother  
You may can't understand  
I might would ke'p a woman  
But I will never ke'p a man  
So, please get down, big boy  
Man, you big enough to walk  
And when I tell you 'bout a job  
Hoo, Lord, you say you don't want no talk  
You said you'd never work  
As long as you was free  
So, brother because I'm workin'  
Why you pick on me?  
So, please get down, big boy  
Man, you big enough to walk  
And when I tell you 'bout a job  
Hoo, Lord, you say you don't want no talk  
'Play it one time'(guitar & instrumental)  
You'll come by my house  
With a great long lie  
You can say-a, 'Hello, friends  
I'm just passin' by  
You come to stay a day  
And you stayed a week  
And when my wife  
Asked you to do her a favor  
You pretend you were 'sleep  
So, please get down big boy  
Man, you big enough to walk  
And when I tell you 'bout a job  
Hoo, Lord, you say you don't want no talk.  
Um-um-um!~
