

The One

Chris Murphy

Could you be the one?
Could you be the one?
Mama need change
We haven't even begun
I need to be sure the other one

If I left, would it hurt like it did?
You were holding your chest unopen
If I went, if I knew what it meant
If the message that sent I run from
If we do feel the same
See the sun through the rain
It's not the end that I get
This question still remains

Could you be the one?
Could you be the one?
Mama need change
Before it even begun
I need to be sure the other one

So many people have all been through it
But me, it's the first time
