## Annie Lennox

Sing, my sister, sing  
Let your voice be heard  
What won't kill you will make you strong  
Sing, my sister, sing You don't need to disrespect yourself again  
Don't hide your light behind your fear  
Now women can be strong  
You've known it all along  
What you need is what you haven't found  
So Sing, my sister, sing  
Let your voice be heard  
What won't kill you will make you strong  
Sing, my sister, sing Women are the mothers of the world, my friend  
I tell you womankind is strong  
Take your beautiful self up to the heights again  
(Ooh)  
Back to the place where you belong  
So Sing, my sister, sing  
Let your voice be heard  
What won't kill you will make you strong  
Sing, my sister, sing Sing, my sister, sing  
Let your voice be heard  
What won't kill you will make you strong  
Sing, my sister, sing Sing out  
Sing loud  
Sing proud Sing, my sister, sing  
Let your voice be heard Sing, my sister, sing  
Let your voice be heard Sing, my sister, sing  
Let your voice be heard Sing, my sister, sing  
Let your voice be heard
