

If You Were My Girl

JC Chasez

Yeah, yeah, yeah, yeah, yeah, yeah, yeah
You better get it again, come on
Get up on me, ma
Sweet as the juice in a peach
My mouth ready for water falling
Grab on to me and you'll get a dose
Strap on and don't get down
We'll keep on rockin' the microphone
Coming all over tomorrow
Know it ain't right
I've been waiting for you all damn night
So baby, come over
(Get it on me mami, just how you like it)
Out of sight
I'm gonna treat you oh' so right
So lady, come on, yeah
'Cause girl you got me sprung
Baby, I want you, I need you, to feel you
I would love you all night strong
See if you were my girl
(Yeah)
Tell me that you want me, to please you, 'cause I need to
I would love you all night strong
See if you were my girl, oh, sugar
Blue jeans that hung off her hips
With lips that practically drove me manic
Sexy electric send chills through me
Girl can you feel the static? Yeah, yeah, yeah
Ready to roll, she was built for speed
Not like an automatic
Dangerous curves, if she gets her swerve on
Are you ready for havoc? Right now
You know it ain't right
I've been waiting for you all damn night
So baby, come over
(Are you ready for a test of my love for you)
Out of sight
I'm gonna treat you oh so right
So lady come on, yeah
'Cause girl you got me sprung
Baby, I want you, I need you, to feel you
I would love you all night strong
See if you were my girl
(G-G-Girl)
Tell me that you want me, to please you, cause I need to
I would love you all night strong
See if you were my girl
Yeah, mama, yeah-yeah yeah-yeah
I'm-a make you say, yea
I say, yea, yea, yea, yea, yeah
Mama
Baby, I want you, I need you, to feel you
I would love you all night strong
See if you were my girl

(My, my, my, my, my girl) Tell me that you want me, to please you, 'cause I need you
I would love you all night strong
See if you were my girl Baby, I want you, I need you, to feel you
I would love you all night strong
See if you were my girl
(Girl) Tell me that you want me, to please you, cause I need to
I would love you all night strong
See if you were my girl
(Girl) Say, my girl, ooh Lord, my girl, yeah yeah
My girl
(Girl)
Yeah yeah yeah yeah
Tell me that you want me, to please you
My girl
