

If It Is to Be, It Is Up to Me

Chumbawamba

If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meAnd as we sail, blows wild the gale
 (If it is to be, it is up to me)
 (If it is to be, it is up to me)
 And as we sail, blows wild the gale
 (If it is to be, it is up to me)
 (If it is to be, it is up to me)If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meSweet flows the water, yellow as royal piss
 Speech turns to stammer, your lips are too tight to kiss
 I've never seen rabbits looking as scared as thisAnd as we sail, blows wild the galeIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meAnd as we sail, blows wild the gale
 And as we sail, blows wild the galeIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meA five times champion wouldn't row as fast
 Caught in the eddies between future and past
 Blowing a hurricane from the royal arseAnd as we sail, blows wild the galeIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meIf it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to me
 If it is to be, it is up to meAnd as we sail, blows wild the gale
 And as we sail, blows wild the gale
