

Dogg Pound Gangstaville

Nate Dogg, Kurupt & Snoop Dogg

Dogg Pound Gangsta, nigga
Nate Dogg, D-O-double G, ha ha
'98, check this out y'all
For all the gangstas out there
All I know and all I do
Is DPG with the rest of my crew
We through with Milliken, Milli Vanilli
Silly niggas who be rappin' but they really be actin'
I'm smackin' niggas in they face for the '9-8
My DJ Warren G and my homeboy Nate
The game won't wait so we paper chase
And watch out for them suckas who paper hate
Try to drop some shit to keep ya straight
I keep my niggas on the mission and the suckas keep wishin'
But my success, oh yes it's fresh
Here's a toast to the Eastside, L.B. for Lizie
You can call me what you wanna
Or you can catch me in the Navigator, bendin' a corner
I'm representin', just like Billy Clinton
I smack a bitch and make my chips dip
For Dogg Pound Gangsta click
Don't you wanna come with me?
Dogg Pound Gangstaville
We can give you what you need
Dogg Pound Gangstaville
Don't you wanna come with me?
Dogg Pound Gangstaville
We can give you what you need
Dogg Pound Gangstaville
Once upon a time in the land of the foolish man
There lived a man who claimed to be holdin' aces in hand
He played wrong once and played 'em twice
And played 'em wrong again
Now it's my turn to play the game and I guarantee I'll win
Very best I have to be and I hope you understand
I got my game from Gangstaville
Eastside of gangsta land
Come with me
Don't you wanna come with me?

Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
Don't you wanna come with me?
Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
Well, you can give me half your loot, nigga
Or else I'ma shoot, nigga
I do what G's do, I ride, I slide, I dips
Double 4's fool, where's the clips?
You'll find I hit your spine
And shake your hips with hollow tips
It's the modern day me
With the state of art modern day heat
Motherfuckin' modern day G
No good, fo' sho' good
Put this nigga on the hood
Then let me put him back the fuck off, like that
You fuckin' with the Kobe Bryant of rap
With a mack 11 cocked back
Ready for sure, ready for war for real, enter if you will
In the land we call Dogg Pound Gangsterville
All we do is smoke, and just so you know
My motto is, "Fuck you bitch and fuck a hoe"
Don't you wanna come with me?
Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
Don't you wanna come with me?
Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
Don't you wanna come with me?
Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
Don't you wanna come with me?
Dogg Pound Gangsterville
We can give you what you need
Dogg Pound Gangsterville
