

# Meet Me On The Equinox

## Death Cab For Cutie

Meet me on the equinox  
Meet me half way  
When the sun is perched at it's highest peek  
In the middle of the day  
Let me give my love to you  
Let me take your hand  
And as we walk in the dimming light  
Oh, darling understand  
That everything, everything ends  
That everything, everything ends  
Meet me on your best behavior  
Meet me at your worst  
For there will be no stone unturned  
Or bubble left to burst  
Let me lay beside you, darling  
Let me be your man  
And let our bodies intertwine  
But always understand  
That everything, everything ends  
That everything, everything ends  
That everything, everything, everything ends  
A window, an opened tomb  
The sun crawls across your bedroom  
A halo, a waiting room  
Your last breath's moving through you  
As everything, everything ends  
As everything, everything ends  
As everything, everything, everything  
Everything, everything, everything ends  
Meet me on the equinox  
Meet me half way  
When the sun is perched at it's highest peek  
In the middle of the day  
Let me give my love to you  
Let me take your hand  
And as we walk in the dimming light  
Oh, darling understand  
That everything, everything ends
