

# When the Sun Sets

## Evenoire

Ortnit the king rode to the East  
to deliver Jerusalem  
guided by the Lord of Elves Magic sword, silver armour  
no one beat him, his fame was great  
Hero into savage lands Secret desire to kidnap the daughter  
of Sultan and take her to his realm  
to give his people a worthy queen Could not resist her eyes as deep  
as winter skies of Garda nights  
Moon was high, he fulfilled his aim  
"Don't be afraid you will be loved"

When the sun sets  
fire holds skies above  
Glowing waves caress  
the dragons' dance  
Keep me in your thoughts  
we'll be one

Behind golden waters of time  
dragons still fly Sultan's revenge: send a gift to them  
a hunter with two dragon eggs  
in a cave fierce they became Destruction, fire everywhere  
only a brave could save the land from the end  
so the proud king left to find the beasts Hunting for days he decided to rest  
He fell asleep by a cursed tree

Dragons smell the knight, no way to survive  
They sucked his blood and stole his soul  
flew up and dived into Garda lake  
where the Mount reflects water turns to red When the sun sets  
fire hold skies above  
Glowing waves caress  
the dragons' dance  
Keep me in your thoughts  
we'll be one  
Behind golden waters of time  
dragons still fly
