

Jesus Christ R'n R

Dir En Grey

I will communicate with love
I will kill with emotion
From that very day I was able to laugh freely...
Do you think that was a long time ago ? I thought

The threatening world pressuring in ?
Meaning that world would be outside of the cage ?
Eventually I will get used to it, but when will this scar disappear ?

Lets go out into the city with a bat
Come and play with me more

Do it now. God bless me! Bless you !
I cry from pain
ominous communication

You must be happy with logics and contradictions

When unhappiness creeps in
The meaning of that doesn't change
Am I laughing well in your world ?

Who is more tragic ?
You are probably more serious

I'll probably be able to laugh more when I am torn and hurt

False accusations kill me

Cries of grief will lead you to Jesus

Jesus Christ Rock'n Roll
Lets meet up in a sigh

Jesus Christ Rock'n Roll
Bound together firmly
Jesus Christ Rock'n Roll
With no way out it is shaved off
Jesus Christ Rock'n Roll.
