

# Nothin over Me

## Slightly Stoopid

You got nothin over me  
You can't tell me what to do  
You say you're sick and tired of me  
I'm sick and tired of you  
And you ain't got nothin over me You got nothin over me  
You can't tell me what to do  
You say you're sick and tired of me  
I'm sick and tired of you  
And you ain't got nothin over me You got nothin over me  
You can't tell me what to do  
You say you're sick and tired of me  
I'm sick and tired of you  
And you ain't got nothin over me You got nothin over me  
You can't tell me what to do  
You say you're sick and tired of me  
I'm sick and tired of you  
And you ain't got nothin over me
