

# I Am (Demo Version)

## Static-X

I've been taking abuse  
And it's senseless  
Fist into the wall  
And it's painless  
I've been living the lie  
That I made me  
Live it Screaming into the mic  
And I like it  
Play it all over the air  
In thick slices  
Soak it all up in your head  
With the anger  
Like it Older  
Elder  
I Am  
(Grind on it)  
Deeper  
Bleaker

I Am Brush the surface off and grind on it Put a gun in my mouth  
And threaten to shoot Justice died here
