

In My Nature (feat. Karina)

GTA

For better, for a stake in place
I can't get away
They're leading straight to your veins
I can't get away
Okay, I'm about to break
Emotions have stolen my soul
Oh, wait, this must be faith
I can't say no
I can't say no All too magical, so natural
Whatever we need, hey
All too magical, there's no to go
Forgetting my brain I got you in my nature
Everyday's your flavor
I got you in my nature, oh oh
I got you in my nature
Everyday's your flavor
I got you in my nature, oh oh You're feeding the fire in me
Come take me away
I'm reaching one hundred degrees
Come take me away Okay, I'm about to break
Emotions have stolen my soul
Oh, wait, this must be faith
I can't say no
I can't say no All too magical, so natural
Whatever we need, hey
All too magical, there's no to go
Forgetting my brain I got you in my nature
Everyday's your flavor
I got you in my nature, oh oh
I got you in my nature
Everyday's your flavor
I got you in my nature, oh oh I got you in my nature
I can taste your flavor
I got you in my nature, oh oh
I got you in my nature
I can taste your flavor
I got you in my nature, oh yeah In my nature
In my nature
I got you in my

In my nature
Oh oh oh oh in my nature
Yeah, I know you taste my flavor
Yeah, I know you taste my flavor
Yeah, I know you taste my flavor I got you in my nature
I can taste your flavor
I got you in my nature, oh oh
I got you in my nature
I can taste your flavor
I got you in my nature, oh yeah
