

Vanished (demo)

Meshuggah

Convalescent livid we succumb
Stagnation now complete
This is the new plague called unconsciousness
We're self caged in defeat
Clotted minds coagulate
We are trapped inside the tears
We obey resignate to our self inflected fears
Voices calm will be never heard
In this mode who will change
Baptised in our minds so absurd
Is this the world sublime
Into pools of paranoia we're fading with reality
Drained by lies we are all inhuman
Introspective vanishing
Sterile thoughts now upraised in sub human majesty
Bodies numb still enchained
Where am I in hell of our dreams?
Wrong, wrong I'm in the now the vain reality
So it seems we're dying yet content
Worship our chrysalis stage
Since when are lies divine
Since when, since when
This is now degrade indulge
This is us servile obliging
Swallowed by our hunger for mendacity
As this dance approves whirls deeper into hate
We're vanishing
In down deep cold where am I caught cage?
Trapped not in dreams now time has killed
Our eyes fall fade gone dead away
