

Day Drinking (feat. Heymous Molly)

Pitbull

[Chorus: Heymous Molly]

Day drinking

Sun goes up and drink goes down

Gonna pass another round

To you and me and all these crazy muthafuckers[Verse 1: Pitbull]

In Little Havana

We be eatin' tore up from the floor up, gettin' hammered

Can you go down, down, baby, "Country Grammar"

Sorry Miss Thang, pardon my grammar

But I got gifts and hoes, call me Santa[Pre-Chorus: Heymous Molly]

We don't need no holiday

No we don't

We ain't even on Spring break

Cause I know

We can make our own va-cay

And I can show you how we do it[Chorus: Heymous Molly][Verse 2: Pitbull]

Yeah we like to party

And like to fuck to "Drunk In Love", BeyoncÃ©

Do ya thang, who cares what they all say

Put your lips like a ring around my Woo!

Now that's a fian-stay[Pre-Chorus: Heymous Molly][Chorus: Heymous Molly][Bridge: Heymous Molly &

Pitbull](4x)

To the left, to the right

To never waiting for the night[Chorus: Heymous Molly]
