Unbreakable

Evermore

You're a shooting star
That is what you are
You broke into my world but didn't get far
Cos we're looking for connection
A feeling of protection
And from where I stand
My only chance is you
We've got something
And I wish that you could see
That alone we're nothing
But together we could be
Unbreakable
Cos you're a shooting star

As I look from afar
You broke into this life and left a scar
Cos I'm looking for direction
Through mirrors and reflections
And from where I stand
My only chance is you
We've got something
And I wish that you could see
That alone I'm nothing
But together we could be
Unbreakable
If you feel like you're falling then
Come with me
I will try to give you all you need
