Allies

Guano Apes

I'm feeling good, the city is on
I'm feeling good, a rebel is born
Since the tired class isn't serious
We start laughing obviousIt feels so fine when there is no doubt
It feels so fine to emerge the sound
Since the hired mass is notorious
The tragedy itself is calling usThe big dog walks the street without his allies
The big dog walks the street without his allies
The big dog walks the street without his allies
And I don't let him go
The big dog lost the street and all his alliesIt's not enough to stand in the dark
While they play off in the crack of the door
Since corruption plays all tricks on you
You shouldn't go to far, someone is watching youYou'll soon be mine
You'll soon be mineThe big dog walks the street without his allies
The big dog walks the street without his allies
And I don't let him goThe big dog lost the street and all his allies
The big dog walks the street without his allies
And I don't let him goThey cannot hide the signs
They cannot hide all signsThe big dog walks the street without his allies
The big dog wants the street you won't have it
Who rules the sky, who reach your mind, who want it
The big dog walks the street and we don't want itCome on, let's go
Come on, let's go
Come on, let's go
Come on, let's go
