

You and Me

Attack Attack!

For too long now I have been waiting
Waiting for something just to happen
For too long now I have been thinking
Iâ€™ve been thinking youâ€™ve got the answer to
The question is do you feel like youâ€™re letting go?
The question is do you feel like youâ€™ve lost control?

Always waiting
Always faking

You and me arenâ€™t thinking the same way
And i'm so used to getting my own way
That Iâ€™m burning us down tonight
And I swear that no one
Is getting out of here alive.

For too long now I have been waiting
Waiting for something just to happen
For too long now I have been thinking
Iâ€™ve been thinking youâ€™ve got the answer to
The question is do you feel like youâ€™re letting go?
The question is do you feel like youâ€™ve lost control?

Always waiting
Always faking

You and me arenâ€™t thinking the same way
And Iâ€™m so used to getting my own way
That Iâ€™m burning us down tonight
And I swear that no one
Is getting out of here alive.

You and me arenâ€™t thinking the same way
And Iâ€™m so used to getting my own way
That Iâ€™m burning us down tonight
And I swear that no one
Is getting out of here alive.

This is how it goes,
This is how it goes

(8x)

You and me aren't thinking the same way
And I'm so used to getting my own way
That I'm burning us down tonight
And I swear that no one
Is getting out of here alive.

You and me aren't thinking the same way
And I'm so used to getting my own way
That I'm burning us down tonight
And I swear that no one
Is getting out of here alive.
