

# Paranoid

[Kyle Riabko](#)

It takes me an hour  
To finish a shower  
My mornings are long  
I know, it's freaky baby, oh oh And when I am speaking  
My stomach is leaping  
I'm scared of myself  
You probably think I'm crazy, yeah yeah Frantic  
Shifty eyes  
Worried mind  
It's a problem I'm paranoid, I'm paranoid  
My life is a twister  
So bear with me sister  
I'm paranoid I keep myself busy  
But my mind is so dizzy  
I feel like the world  
Is counting on me baby, oh oh Frantic  
Shifty eyes  
Worried mind  
It's a problem I'm paranoid, I'm paranoid  
My life is a twister  
So bear with me sister  
I'm paranoid Must be in regression  
You think I'd learn my lesson  
But more manic depression  
Controls me I'm paranoid, I'm paranoid  
My life is a twister  
So bear with me sister  
I'm paranoid I'm paranoid, I'm paranoid  
My life is a twister  
So deal with me sister  
I'm paranoid, yeah yeah yeah
