

You're All Dying

Necro

[Verse 1]

Yeah my mafia's like a posse of ya soldiers trooping through Bosnia

Body ya; To bury ya with a hundred bodies on top of ya

And bodies wrapped in plastic, etrocities like these are drastic

Your life's expired, you're on the floor dead with ya' arms out like ya tired

My shit's crazy like animals spreading rabies and dead babies

Cut you open, shoved a spike in ya liver, your veins are like a river

Blood flowing through veins like roads on a map

Open the hole..back of ya brain

Perform surgery while you're asleep

There's no difference between you and sheep

You're dead meat, get your throat cut to the beat

Choking on Alpo with a scalpel in your adam's apple

Machinery dragging you by ya feet

And a calico slug in your asshole

If ya hungry you're dying to eat

I'll put you in a chapel

Kid you should be careful fucking with a butcher knife

Pack of that will butcher you like a jackal[Chorus]

You disrepect me - You're All Fuckin Dying!

It wasn't your fault, well - You're All Fuckin Dying!

You's the one that did it, well - You're All Fuckin Dying!

Every human that's living now - You're All Fuckin Dying!

My feelings get hurt - You're All Fuckin Dying!

Sometime in ya life - You're All Fuckin Dying!

In 10 years or 30 years - You're All Fuckin Dying!When the nuclear war comes - You're All Fuckin Dying!

I'm the most hard fire type

The rapper to write raps

[Verse 2]

That be glorifying knives and pipes and spiked bats

You might get left scarred for life a spike

I'll light you up like fire-flies in the night

Be happy you haven't died yet

The Death Rhymer preying on you soft hip hop heads

Leave you dead and decaying like a corpse

Ready fearing anguish through my severe language

Once you hear the ampape ya ears'll need to be bandaged

with skeletons at a very glorious distant

Death is my territory every story's infested

That's why moms had to give birth to me
So I could hit up the earth with a purpose
to spit a verse and school me
This beat is kinda like a meat grinder
Chopping you quick to kick dogs like a killer walking behind ya
It ain't gossip spreading it's logic
That Necro's the most gothic in Gotham
Dead in ya project, so fuck ya block kid
You're like a possum that's being hunted and shocked 'cause a bullet in ya head is the object

[Chorus]

One of you pisses me off - You're All Fuckin Dying!
I don't care If I'm cool with you - You're All Fuckin Dying!
Every healthy human being - You're All Fuckin Dying!
Every second gets older - You're All Fuckin Dying!
Open up the safe or - You're All Fuckin Dying!
Or make a run for the door - You're All Fuckin Dying!
Talk to someone in my click - You're All Fuckin Dying!
You beat me down and let me live - You're All Fuckin Dying!
