Time Machine

S.P.O.C.K

I'm lost in a time machine
All alone with a black, blank screen
I'm lost in a time machineI'm lost in a time machine
The computer doesn't understand what I mean
I'm lost in a time machine
In a time far away from now
I'm swirling around but I don't know how
It doesn't matter which button I press
Nothing happens at all
Through the time I fall and fall
I'm lost in a time machine
All alone with a black, blank screen
I'm lost in a time machineI'm lost in a time machine
The computer doesn't understand what I mean
I'm lost in a time machineHow could I miss the warning light
If I hadn't I wouldn't be out of sight
I'm out of water, I'm out of food
It's getting hard to breathe, this doesn't look good
I'm losing my senses, I'm losing my mind
I hope somebody finds me soon here out in the time
I'm lost in a time machine
All alone with a black, blank screen
I'm lost in a time machineI'm lost in a time machine
The computer doesn't understand what I mean
I'm lost in a time machine
