Navigate

Ghettobillies

When you think you're dyin'
Your heart's still beaten'
If you're not lyin'
Then you're still cheatin'
When you're feeling cross
It's because of fear
And when you're feeling lost
Remember you're still here
When you've had enough
You're givin' in
You might think your tough
But you might not win
Just remember
If and when

If you heard one thing
Then you just might try
Because you sure ain't dead
And you're still alive
And if you're asking questions
Then you know it all
And if take suggestions
Then you'll never fall
If you want to break the rules
But don't want to fight
Well don't be a fool
And try to be right
Just remember
If and when

All your instruments
Are in every direction
You're floating in space
With no protection
And you just can't seem
To concentrate
And there's just no way to navigate
You've lost your way
And never mind

Remember you're okay
And everything's fine
If and when
Oh If and when
If and when it all happens again
