Clusterfuck

Belerophon

I love you but I fuck your friends
I love you but I fuck your friends
I love you but I fuck your friends
At the same time
All at once
We have fun
We clusterfuck
Why are you leaving me?
Why are you leaving me?
Why are you leaving me?
Is it because
I have fun
With your friends
And clusterfuck?
Why should I make amends
Just 'cause I get naked with your friends?
That don't make no sense at all
That's no reason to leave-no reason at all!
I love you but I fuck your friends
I love you but I fuck your friends
I love you but I fuck your friends
At the same time
All at once
We have fun
We clusterfuck
Clusterfuck
Clusterfuck
Clusterfuck
We clusterfuck
Clusterfuck
Clusterfuck
Clusterfuck
We clusterfuck
