

I Don't Know About You

Hill Country Revue

You said you wouldn't hurt me
I found out that's untrue
You are mad at me
For something I didn't do How do you think I feel?
To be treated like this
It hurts when you turn your head
When I ask you for a kiss I don't know about you
I don't know about you
Hope you feel like I do
But I don't know about you So I wait and I wait
See if things gonna change
It might be that I'm dreaming
But all my dreams are the same But do you understand
The needs I have too?
But I try and I try
And hope our love can pull through I don't know about you
I don't know about you
Hope our love can pull through
But I don't know about you
