

This Is My Now

[Jordin Sparks](#)

There was a time I packed my dreams away
Living in a shell, hiding from myself
There was a time when I was so afraid
I thought I'd reached the end, baby that was then
But I am made of more than my yesterdays
This is my now and I am breathing in the moment
As I look around I can't believe the love I see
My fear's behind me, gone are the shadows and doubt
That was then, this is my now
I had to decide, was I gonna to play it safe?
Or look somewhere deep inside, try to turn the tide
And find the strength to take that step of faith?
This is my now and I am breathing in the moment
As I look around I can't believe the love I see
My fear's behind me, gone are the shadows and doubt
That was then, this is my now
But I have a courage like never before, yeah
I've settled for less, but I'm ready for more
Ready for more!
This is my now and I am breathing in the moment
As I look around I can't believe the love I see
My fear's behind me, gone are the shadows and doubt
That was then, this is my now!
I'm living in the moment
As I look around I can't believe the love I see
My fear's behind me, gone are the shadows and doubt
That was then, this is my now, this is my now
