

Martyr (Booka Shade Travel Mix)

Depeche Mode

I've been a martyr for love
And I will die in the flames
As I draw my last breath
As I'm closing on death
I will call out your name I've been a martyr for love
Nailed upon the cross
While you're having your fun
As the damage is done
I'm assessing the cost I knew what I was letting myself in for
I knew that I could never even the score I've been a martyr for love
I need to be by your side
I have knelt at your feet
I have felt your deceit
Couldn't leave if I tried I've been a martyr for love
Tortured every hour
From the day I was born
I've been moved like a pawn
By the greatest of powers I knew that I would have to suffer in vain
Aware that I would never outgrow the pain I've been a martyr for love
I've been a martyr for love
I've been a martyr for love
I've been a martyr for love
