

The Magic of Christmas Time

TAEYEON

Tonight while the world is sleeping
And all of the children are dreaming
Snowflakes will softly be bringing
The Magic of Christmas Time
Red cotton stockings all lined up
Tinsel and lights on the tree top
Everywhere it's all around us
The Magic of Christmas Time
Angels on high hear them calling
Wishes like stardust are falling
Hold on hold tight to
The Magic of Christmas Time
Downstairs the fire is swaying
To songs about reindeer and sleighing
Old holiday records are playing
The Magic of Christmas Time
This time of year brings laughter and love
When all of the celebration is done
In our hearts it lives on
It can last all year long
Angels on high hear them calling
Wishes like stardust are falling
Hold on hold tight to
The Magic of Christmas Time
Come and rejoice for the night is
Alive with the spirit of kindness
If you believe you will find it
The Magic of Christmas Time
Yes if you believe you will find it
The Magic of Christmas Time
