Pearl Jam

Sliding out of reverse into drive, this
Wheel will be turning right, then straight
Off in the sunset she'll ride
She can remember a time denied, stood by
Side of the road, spilled like wine, now
She's out on her own and line highThere's no leaving here
Ask, I'm an ear
She's disappearedThey said timing was everything, made him
Want to be everywhere, there's a
Lot to be said for nowhereThere's no leaving here
Ask, I'm an ear
We've disappeared
There's no leaving here
Ask, I'm an ear
Fuck it, we'll disappear
