

# Tanelorn (Into the Void) [Demo]

## Blind Guardian

I travel a dusty old road  
And carry on ultimate terror  
The torture will grow  
While infinity's lost  
The lunatic fears the unknown  
Into the fire  
Curse me  
Unknown  
Into the fire  
Everything is gone  
Did I miss the point  
Or fail to see  
That I am lost  
Cause I'm chosen  
Crash another tower  
Grind the universe  
I'll tear it into pieces  
Mourn forevermore  
And here I...[Chorus]  
Cry for Tanelorn  
Still I fear the voices  
Cry for Tanelorn  
No more fear, no voices  
Cry for Tanelorn  
Into the void this journey ends  
I cry for Tanelorn  
The dawn comes crashing down  
Into the void[Lead: Andre]My locked up asylum  
Don't turn your back  
On your prodigal son  
When terror is raging  
Still my hate will grow  
Here on my own  
I've built a pyre  
Oh, fire  
Here on my own  
I've wasted life  
So weak  
A dark sword  
A black soul  
My soulmate gets near  
Deceiver  
Deceiver  
I'm banned from the island  
Refuse me, deny me

I'm pale and I'm weak  
Now I don't belong here anymore[Chorus]  
Cry for Tanelorn  
Still I fear the voices  
Cry for Tanelorn  
No more fear, no voices  
Cry for Tanelorn  
Into the void this journey ends  
I cry for Tanelorn  
The dawn comes crashing down  
Into the void[Solo: Andre]The trouble of many I've seen  
It's coming to an end  
Here's my last stand  
The torture at last  
Will be gone with the past  
Infinity, where I'll go?Into the fire  
Curse me  
In war  
Into the fire  
Everything is goneIt's your blood I desire  
The last soul I require  
Right after all the damage will be done  
And here I...[Chorus]  
Cry for Tanelorn  
Still I fear the voices  
Cry for Tanelorn  
No more fear, no voices  
"Feeding my void  
Feeding my void  
Here at the edge, I claim your soul"  
Cry for Tanelorn  
The dawn comes crashing down  
Into the voidStormbringer  
All hail Stormbringer
