

# Daylight Lucidity (Remastered)

## Delain

Daylight lucidity  
Stream through me  
Let me dream  
Out of this world, out of this world[Chorus:]  
I cannot sleep  
Sedate me  
Wide awake  
Animate this soul  
I'm still following the painDaylight lucidity  
Beam on me  
Come to me  
Into my sleep, into my sleep[Chorus]Don't try to wake what is unreal  
The secrets only you must seal  
You hold the key of what I need  
Unlock the door that will reveal[Chorus]
