Fare Thee Well

Frank Black

Got a girl
Who's long and tall
She moves her body
Like a cannon ballFare thee well, oh honey
Fare thee wellIf I'd listen
What my father said
Wouldn't have such confusion
In my aching headFare thee well, oh honey
Fare thee wellOne day soon
And it won't be long
Someone will call my name
And I'll be goneFare thee well, oh honey
Fare thee wellAll last night
In a drizzling rain
All around my heart
Was an aching painFare thee well, oh honey
Fare thee wellIf I had wings
Like Noah's dove
I'd fly up the river
To the one I loveFare thee well, oh honey
Fare thee wellFare thee well, oh honey
Fare thee well
