

Fare Thee Well

Frank Black

Got a girl
Who's long and tall
She moves her body
Like a cannon ball Fare thee well, oh honey
Fare thee well If I'd listen
What my father said
Wouldn't have such confusion
In my aching head Fare thee well, oh honey
Fare thee well One day soon
And it won't be long
Someone will call my name
And I'll be gone Fare thee well, oh honey
Fare thee well All last night
In a drizzling rain
All around my heart
Was an aching pain Fare thee well, oh honey
Fare thee well If I had wings
Like Noah's dove
I'd fly up the river
To the one I love Fare thee well, oh honey
Fare thee well Fare thee well, oh honey
Fare thee well
